Why Sponsor-A-Student?

We want sponsors to see the impact their contributions have on these bright and talented children. By means of this program, sponsors and students can communicate regularly and build strong relationships that will encourage the students to keep working toward their goals.

How does the Fortune Fund support schools in India?

The Fortune Fund supports three levels of education. Starting at the 7th grade, children are selected to have their tuition covered throughout the remainder of their schooling, which includes providing new books, backpacks, uniforms, and other supplies as needed.

The cost of tuition at each level:

Elementary (Grades 7-10)	\$75/year per student
High School (Grades 11-12)	\$525/year per student
College	\$1,645/year per student

The school year in India, depending on where the school is located:

- Northern India – July through April
- Southern India – June through March

The Fortune Fund is a 501(c)3 non-profit organization and donations are tax deductible as permitted by law.

Student – Sponsor Communication

You will receive a photo of your student along with a bracelet to show off to your family and friends. If you would like, we can send a photo of you or your family to the student. Photos can be sent to fortunefund@s2tech.com.

You will also receive updates about your student about how they are progressing and benefiting from the program. Although communication is difficult in remote areas, we will send you notes from the student whenever possible and you may also send us notes to send on to the student. They would love to hear from you!

“It has changed our life-style. We are very much inspired by your service...we want to achieve something in life.”
